**2) Past due payables, recorded by category (financial, trade, tax, social security and amounts due to employees) and any associated actions by creditors (reminders, injunctions, suspended deliveries, etc.):**

**Prelios Group** past due **trade payables** total 11.1 million euro (12.7 million euro at February 2014), today reduced to 6.9 million euro following to payment of 4.2 million euro in April.

This situation falls within the scope of the customary business relations with Prelios Group suppliers.

**Prelios S.p.A.** past due **trade payables** total 4.5 million euro (7.2 million euro at February 2014), today reduced to 2.5 million euro following to payment of 2 million euro in April.

There are no legal disputes, court proceedings or suspended deliveries associated with the above items. Any payment reminders are part of normal business relations.

**There are no past due amounts of a financial or tax nature, or amounts due to social security institutions or to employees.**

### **3) Prelios Group and Prelios S.p.A. dealings with Related Parties:**

Dealings with related parties consisting of subsidiary companies of Prelios S.p.A. or joint ventures and its associated companies (“Intragroup Dealings”), and dealings with related parties other than intragroup dealings (“Other Related Parties”), in particular Pirelli & C. S.p.A. and its subsidiaries, are of a trade and financial nature, falling within normal business operations, and are at arm’s length. There are no atypical and/or unusual transactions.

It should be noted that the preliminary disclosure concerning the dealings with associated companies, joint ventures and other companies of Prelios Group as well as Prelios S.p.A. subsidiaries, relating to March 2014, reported below, is compared with the data that refer to last 31 December 2013 with regard to balance sheet data and with the data at 31 March 2013 with regard to income statement data. This is due to the fact that the Group’s internal invoicing cycle is essentially quarterly and no significant accounting provisions are made with subsidiary and associated companies in the intervening months. This especially affects operating Revenues and Costs, Financial Income and Charges, current Trade Receivables and Payables, which are items that do not therefore vary significantly in the intervening months.

Disclosed below are **Prelios Group dealings with Other Related Parties** (specifically Pirelli & C. S.p.A., its subsidiaries and other associated companies through directors) **at 31 March 2014** (preliminary data not yet approved), **compared with data at 28 February 2014**, essentially including financial debts and correlated financial charges, for which a monthly update is provided:
